Dear Parents and Guardians,

As your children have probably reported, the access to our School WLAN Network is currently very limited. Hence the usage of our digital whiteboards is also affected. Our service provider is currently working to correct the error, but we unfortunately will not be able to estimate how long the maintenance work will exactly take place.

The teachers and students have already been informed. Lessons will be adapted to the situation so that the planned content can be taught despite these temporary technical restrictions.

We would kindly like to apologize for the inconvenience this may cause. Thank you for your support and understanding!

Sincerely yours,

Ulrike Ewe  
Head of Academic Department
