

Dear students, dear parents,

Now the summer break is over and your child has a lot of opportunities to choose their projects.

From this year on there is a slight change in the structure of the project choice. The projects will run for a whole school year and there will be no further projects offered in the second semester.

Please note that all pupils can also participate in projects (held in German), offered at the CJD **elementary school** (years 2–4) – based on availability and vacant spots. The students will walk to the elementary school in a group.

Parents/Guardians are responsible for picking their child up from the elementary school after the project.

You can also choose the projects at the **German Grammar School** from year 4 and up. Kindly note that these projects will be held in German. The students will walk to the Grammar School in a group and parents are responsible for picking up their child after the project.

Pupils from year 1 to year 6 must choose at least one project, unless they have

- on going classes at the Academy of Arts, or
- Chinese lessons at the International School
- EAL lessons in the afternoon

Please note that there will be a random draw if there are more registrations than seats available in a project. If no alternative was chosen, students will be assigned to open slots as available.

Best regards,

International School Team

#### Registration:

1. Print out and fill in
2. Registration slips to be handed in to the PE latest by  
Date: 14.08.2017
3. Hanging up of the project lists:  
Date: 18.08.2017
4. Start of projects in all schools:  
Date: 21.08.2017
