RE: International Baccalaureate Programme Costs

To Whom It May Concern:

I am writing with the intention of informing you of the additional costs associated with the International Baccalaureate Diploma Programme (IBDP) at the International School of Braunschweig – Wolfsburg. The current costs as of the 2020–2021 academic year are as follows:

#### Year 11 Programme Costs

- Book Fees – IBDP Students are required to purchase their own textbooks at the beginning of the programme. As the prices for books fluctuate and are different for every class, we can only provide an estimate based on average costs.
  - o 250 – 300 Euros for New Books
- Graphing Calculator – IBDP students are required to purchase a graphing calculator. We currently recommend the TI-83 Plus and TI-84 Plus Models.
  - o 115 Euros for a New Calculator

\*\* Note: Students may also purchase used books and calculators from the students in the graduating class or from online vendors. Many of our students are able to find a substantial reduction in price from used goods.

#### Year 12 Programme Costs

- Exam Fees – All IBDP students are required to pay for their IBDP Exams. These exams are held every May for Year 12 students. The registration fees are 85 Euros per subject. Students are required to take 6 subjects to receive the IB Diploma and must pay the registration fee prior to exams for the upcoming session.
  - o 510 Euros for Exam Registration

If you have questions about the fees or programme, please feel free to email me at:  
[schulte@cjd-braunschweig.de](mailto:schulte@cjd-braunschweig.de)

Regards,

Nicholas Schulte  
IB Diploma Coordinator
