

IGCSE Ceremony for our Class 2019 – Congratulations!

The Year 10 students wrote their exams in May, provisional results were issued in August, in November the students could finally receive their IGCSE Certificates.

10 students could achieve passing grades in all subjects which are required for the recognition as the equivalent to the German school leaving certificate “Erweiterter Sekundarabschluss I”.

We are proud of the variety of first languages that our students took in the exams: Besides German, we had entries in Spanish, Chinese, Portuguese, Russian, Thai, Arabic, French and Korean. These subjects show the variety of nationalities in the students’ community.

Two students – Hobeon from Korea and Jan from Germany– were registered for the ICE Award which recognises the achievements of learners in at least seven IGCSE subjects. Both students could reach outstanding results in all subjects and got the Cambridge ICE award with distinction. For very good results in the exams, Propailin received a Certificate of Merit of our school. Congratulations!

Why take IGCSE?

Cambridge IGCSE subjects improve the students’ performance by developing skills in creative thinking, enquiry and problem solving. It is the perfect springboard to advanced study. Cambridge IGCSE develops learner knowledge, understanding and skills in subject content, applying knowledge and understanding to new and unfamiliar situations, intellectual enquiry, flexibility and responsiveness to change and cultural awareness. Schools worldwide have been involved in the development of Cambridge IGCSE courses. They have been created specifically for an international student body and avoid cultural bias. This is why our best IGCSE students have no problems in their next steps of education. Cambridge students can be confident that their qualifications will be valued by universities and employers across the world. Success in Cambridge qualifications often gives students admission to the world’s best universities – in the US, the UK, Australia, Canada, Germany and beyond.
