RE: Project classes

Dear Parents, dear students,

Despite the corona regulations the all-day-routine is already well practiced and we are happy to offer a varied afternoon programme starting on September, 21st – even though the “new normality” has to be taken into account in many issues. Unfortunately, that’s why this school year our students are not allowed to be mixed beside the regular cohorts, what also means, they can’t choose courses at other CJD schools. We deeply regret this and hope very much to be authorized to again open these doors the next school year!

The Project classes provide students with the opportunity to try new activities, acquire new knowledge or perfect already existing abilities – learning with joy! You are kindly asked to encourage your child to choose a course.

All information is findable online:

Registration:

- Return the filled-in registration form till September, 17th, latest.
- Start of projects: September, 21st, 2020.
